

The Mono-Stack System: High Plume General Lab Exhaust System

For **less mission critical applications**, Strobic Air offers a series of centrifugal fans. The Mono-Stack system can be fitted with many of our standard Tri-Stack options, such as S.A.F.E. Controller, energy recovery systems and more. The Mono-Stack comes with a **standard 3-year warranty**. Extended warranty and preventative maintenance package upgrade available.

Advantages:

- Efficient nozzle design with high velocity plume dispersion
- Wheel sizes ranging from 12" to 36"
- Airflow capacities to 24,000 cfm
- ESP to 8" w.g.
- Direct drive, low maintenance (no belts or couplings)
- Premium efficient VFD duty motors
- AMCA C or B spark resistant construction
- Modular plenum dispersion
- Heat recovery option available

Applications:

- Clean rooms
- Negative pressure applications
- Secondary education labs
- Odor issues
- Low flow/ high static pressure applications
